Request is made of the Members
of the College, that they read

THE RED INK APPEAL

The Red Ink Appeal

The Council of the College of Physicians and Surgeons of Ontario, at its Annual Meeting this year, made provision for the issue of a new Register, at an early date.

Since the date of the issue of the last published Register (1907), there have been several hundred names added to the list of the licentiates of the College, so that the present Register does not in any sense represent its full membership, and, with each recurring year, witnessing further such additions, its value, for purposes of reference, becomes increasingly impaired.

In its book form, the Register is composed essentially of two parts, the first consisting of a copy of the Ontario Medical Act, the second comprising a list of the Members of the College (up to the date of publication), their names and addresses, their degrees and qualifications.

The College Counsel, Mr. H. S. Osler, K.C., will stand sponsor for the correctness of the copy of the Ontario Medical Act, with its various additions, alterations and amendments, as it will appear in the new issue of the Register.

The College Members must themselves, in the last analysis, be held responsible for the correctness of their own names and addresses, as these, in turn, will appear in the same Register. The Officers of the College, while using all available means to collect necessary data, relating thereto, must look to the Members for sympathetic co-operation, in the preparation of a Register, which, in detail, shall be, as far as possible, full and accurate.

It can never be absolutely so, possibly owing, in part at least, to that ethnic quality, inherent in many of the Members of the Profession, of seeking from time to time a new place of abode, but can through concerted effort on the part of those Members who are more sessile in this respect, be made of such relative value, as to quite justify any expenditure of energy directed to this end.

There is no field in which the exercise of the personal equation can have more room for play, than in this connection, and none in which less sacrifice is asked of those who are best qualified to contribute to efficiency of service. Such sacrifice, if that which ends in personal gain may be thus designated, is wholly trifling, and quite incommensurate with the benefits which must accrue from its exercise.

The licentiates of the College are aware that the College has a Register, and they know that the measure of its value is determined by the extent to which it is correct and up-to-date. They

know, moreover, that the well-directed efforts of an Executive must fail, in the absence of reasonable aid from supporting units.

“The strength of the pack is the wolf,
And the strength of the wolf is the pack.”

The request of the College authorities, that each Member should send to the Registrar a memorandum, with a correct record of his full name and address, and with like information concerning his nearest confrères, would not entail, upon his part, an expenditure of more than ten minutes' time, while the value of these scattered memoranda, in collective form, it would be quite impossible to estimate.

Few men will claim that they cannot afford to devote ten minutes' time to the promotion of a cause, in which they have a personal interest, and in support of an Institution, the maintenance of which is essential for the welfare, alike of the community and of the Profession.

To the Members of a Profession, which acts spontaneously, when the call for a display of innate sense of personal responsibility arises, it is quite beside the mark to point out, how an incomplete Register may serve to prejudice professional or personal interests, and how a complete one may serve to promote them. It is not, therefore, necessary to draw the attention of the College membership to such vexatious incidents, as the failure to receive a copy of the Annual Announcement, for want of correct name or address, the possible loss of franchise, for the same reason, the omission, due to the same cause, of name from Register (which will happen, not only following upon non-payment of assessment dues, but in cases of long continued residence abroad, unaccompanied by notification of the same), etc., etc. The possibility of the occurrence of these adverse happenings and petty annoyances will be quite apparent to all who give the matter a moment's consideration.

The great cost of the publication of the Register precludes the possibility of its annual issue. It is, therefore, all the more imperative, that, in its every detail, it should, when it does appear in this occasional form, be such as to satisfy the most exacting demands of the constituency to which it is addressed.

In conclusion, appeal is again made to the Profession, to render (now and from time to time) such effective aid, in this connection, to the Executive, as will permit the latter to publish a Register, which shall possess real merit.

College of Physicians and Surgeons OF ONTARIO

Announcement for the Academic Year 1915-1916

"The College of Physicians and Surgeons of Ontario" is the name adopted by the Medical Profession of the Province of Ontario in its corporate capacity. Every legally qualified medical practitioner in the Province is a member of this College. It is not an institution for the teaching of medicine.

The Medical Profession of Ontario was first incorporated under this name by an Act of Parliament of Canada, passed in 1866. This Act was subsequently repealed by the Legislature of Ontario in 1869, and now the affairs of the Profession in this Province are regulated by an Act passed in 1874 (37 Vic., Cap. 30), commonly known as the "Ontario Medical Act," and further amended in 1887, 1891, 1893, 1895, 1902, 1905, and 1914-1915.

By this Act, the "Council of the College of Physicians and Surgeons of Ontario" is empowered and directed to enact by-laws for the regulation of all matters connected with medical education; for the admission and enrolment of students of medicine; for determining from time to time the curriculum of the studies to be pursued by them, and to appoint a Board of Examiners, before whom all candidates must pass a satisfactory

examination before they can be enrolled as members of the College, and thus be legally qualified to practise their profession in the Province of Ontario.

The Council, moreover, has power and authority conferred upon it by this Act to fix the terms upon which practitioners of medicine, duly qualified in other countries, may be admitted as members of the College of Physicians and Surgeons of Ontario, this being the only mode in which they can become legally entitled to practice their profession in this Province.

For the information and guidance of students of medicine, the Profession, and the public generally, the Council, in conformity with the Ontario Medical Act, hereby promulgates for the year 1915-1916 the Regulations which herein follow, repealing all others heretofore in force.

All changes in the medical curriculum shall take effect at the next ensuing annual examinations.

10. BY-LAW No. 3.

Rules and Regulations for conducting the proceedings of the Medical Council of the College of Physicians and Surgeons of Ontario.

Whereas the Council of the College of Physicians and Surgeons of Ontario are empowered, under Section 12, Chap. 176, R.S.O. 1897, to pass By-laws and make Rules and Regulations for its government;

Be it therefore enacted that:

The Council shall hold one session annually in the City of Toronto, commencing on the last Tuesday in June, 1916, hour of two o'clock in the afternoon. The Executive Committee may at any time call a special session, and it shall be the duty of the President to call a special session upon receiving a requisition on that behalf, signed by not less than one-half of the members of the Council. No business shall be taken up at a special session except that for which the session has been called, and of which each member has been notified.

SECTION 2.—OFFICERS.

1. The Officers of the Council shall be a President, Vice-President, Registrar-Treasurer, Public Prosecutor, Auditor and Solicitor, and such others as the Council may deem necessary.

2. The officers shall be elected after nomination by open vote, the vote being taken on the nominees in the order in which they were nominated. In case of a tie the presiding officer shall give the casting vote, provided that at the first meeting of a new Council the tie for the office of President shall be decided by the member present representing the greatest number of registered practitioners. When only one candidate is nominated it shall be the duty of the presiding officer to declare him duly elected.

SECTION 3.—ORGANIZATION.

1. At the first meeting of the new Council the Registrar shall call the Council to order, read over the names of the members, and shall call on the Council to elect a Committee on Credentials, and upon the reception and adoption of the Committee's Report the Registrar shall call upon the Council to elect a President. At all other annual sessions of the Council the President (and in his absence the Vice-President) shall take the chair and preside at the election of officers. In the absence of both these officers the Council shall elect a Chairman.

2. The first business after the organization of the Council and the election of officers shall be the appointment of a Committee to nominate the Standing Committee.

SECTION 4.—COMMITTEES.

1. The Standing Committees shall be the following:

- (a) Registration, consisting of five members.
- (b) Education, consisting of nine members.
- (c) Finance, consisting of five members.
- (d) Rules and Regulations, consisting of seven members.
- (e) On Complaints, consisting of five members.
- (f) On Property and Printing, consisting of five members.

And the following Statutory Committees:

- (g) Executive, consisting of three members.
- (h) On Discipline, consisting of not less than three members.

2. The President and Vice-President shall be *ex officio* members of all committees of the Council, standing and special, except Committee on Discipline and Executive Committee.

3. A majority of the members of any committee shall constitute a quorum, providing that the said quorum be not less than three members.

SECTION 5.—RULES OF ORDER.

1. The President shall preside at all meetings (except as otherwise directed in clause 2 of section 2), call the Council to order at the hour appointed, cause the minutes of preceding meeting to be read, confirmed and signed.

2. In the absence of the President, the Vice-President shall discharge the duties of the President, and in the absence of both a Chairman *pro tem* shall be chosen by the Council.

3. The presiding officer shall preserve order and decorum during each session of the Council, and protect the members in the

enjoyment of their rights and privileges. He shall decide all questions of order, giving his reasons for such decision, and citing the rule applicable to the case, subject, however, to an appeal to the Council, and in case of an appeal it shall be put by the presiding officer in the following words: "Shall the chair be sustained?"

4. All questions of order upon which an appeal has been made from the decision of the presiding officer shall be decided by a direct vote of the Council, without debate.

5. The presiding officer shall declare all votes; but, if any members demand it, such presiding officer, without further debate on the question, shall require the members voting in the affirmative and negative, respectively, to stand until they are counted, and he shall then declare the result. At the request of any two members the yeas and nays shall be taken and recorded.

6. The presiding officer shall not give any other than a casting vote, but he may express his opinion on any subject under debate, and when so doing he shall leave the chair.

7. The presiding officer shall consider a motion to adjourn as always in order; but no second motion to the same effect shall be made until after some intermediate business has been transacted. This motion must be put without debate.

SECTION 6.—MEMBERS SPEAKING.

1. When any member is about to speak in debate he shall rise in his place and address the presiding officer, confining himself to the question under debate, and avoiding personalities.

2. When two or more members rise at the same time the presiding officer shall name the member who is first to speak.

3. No member, while speaking, shall be interrupted by another, except upon a point of order, or for the purpose of explanation. The member so arising shall confine himself strictly to the point of order, or the explanation.

4. If any member, in speaking or otherwise, transgress the rules, the presiding officer shall, or any member may, call him to order, in which case the member so called shall immediately sit down, unless permitted to explain.

5. No member shall speak more than once upon any motion, except the proposer of the substantive motion, who shall be permitted to reply; nor shall any member speak longer than a quarter of an hour on the same question without the permission of the Council, except in explanation, and he must then not introduce new matter.

6. Any member of the Council may require the question

under discussion to be read at any time of the debate, but not so as to interrupt the speaker.

7. When the matter under consideration contains distinct propositions, under the request of any member, the vote upon each proposition shall be taken separately.

8. No member shall speak to any question after the same has been put by the presiding officer.

9. Notices shall be given of all motions for introducing new matter other than matters of privilege and petitions at a previous meeting to that at which it comes up for discussion, unless dispensed with by a two-thirds vote of the members present. Any matter when once decided by the Council shall not be reintroduced during that session, unless by a two-thirds vote of the Council then present.

10. A motion must be put in writing and seconded before it is stated by the presiding officer, and then shall be disposed of only by a vote of the Council, unless the mover, by permission of the Council, withdraws it. Every member present shall vote unless excused by the Council.

11. At the close of the annual session the minutes of the last meeting shall be read, approved and signed by the presiding officer.

12. In all cases not provided for by these rules, resort shall be had to the procedure of Parliament.

13. The Registrar shall make a list of all motions and reports on the table, in the order in which they were received, which shall be considered the "General Orders of the Day." The order of the same to be as follows:

SECTION 7.—GENERAL ORDERS OF THE DAY.

1. Calling names of members and marking them as present or absent.

2. Reading of the Minutes.

3. Reading of communications, petitions, etc.

4. Reception of reports of Committees.

5. Notices of motion.

6. Motions of which notice has been given at a previous meeting.

7. Inquiries.

8. Consideration of reports.

9. Unfinished business from previous meeting.

10. Miscellaneous business.

All resolutions and reports must be taken up as they appear in the Order of the Day, and no variation of the foregoing order of business shall be permitted, except by consent of the Council.

SECTION 8.—MOTIONS AND QUESTIONS.

1. No motion except to adjourn shall be introduced unless the same be written in ink and contains the names of the mover and seconder.

2. Every motion shall be read by the mover, standing in his place; thereafter it shall be handed to the presiding officer, who shall read and submit it to the Council.

3. When a question is under debate, no other motion shall be entertained except a motion to amend, to commit, to postpone, or to lay on the table, or a motion for the previous question, or for adjournment, which last shall always be in order, except when the Council is in Committee of the Whole.

4. Amendments, whether in Committee or in Council, shall be submitted to the vote before the original motion, in the inverse order in which they are moved.

5. A motion for commitment, until it is decided, shall preclude all amendments to the main question.

6. A motion to postpone shall include a day to be named for the further consideration of the question.

7. A motion to lay on the table shall be taken without debate; when it prevails the subject matter shall not be revived during the session except by a two-thirds vote of the Council.

8. The "previous questions," until it is decided, shall preclude all amendments of the main question, and shall be put, without debate, in the following words: "Shall the main question be now put?" If this motion be resolved in the affirmative, the original question is to be put forthwith, without any amendments or debate.

9. Whenever the presiding officer shall consider that a motion in possession of the Council is contrary to the rules of the Council, or inconsistent with the report or other matter to which it was intended to refer, it shall be his duty to rule it out of order.

SECTION 9.—COMMITTEES.

1. When a committee presents its report it shall be received without motion or debate. On reaching the order of business, "The Consideration of Reports," the reports previously received shall be taken up in order of their reception, and may be acted on

directly by the Council, or referred to the Committee of the Whole.

2. On motion of any member the Council may resolve itself into a Committee of the Whole for the consideration of a by-law, report or other matter, when the presiding officer shall leave the chair, naming a member to act as Chairman of the Committee. As Chairman of the Committee of the Whole he shall have the same authority in Committee as the President in the chair of the Council.

3. When any report of the Committee of the Whole is submitted to the Council, as provided in the preceding rule, it shall be either adopted or rejected, or referred back to committee with instructions to amend or postpone to a time to be fixed for asking the concurrence of the Council.

4. The rules of this Council shall be observed in Committee of the Whole, except the rules respecting the yeas and nays and limiting the number of times of speaking; and the motion for the previous question or for an adjournment can be received; but a member may at any time move that the committee now rise, or that it shall rise and report progress.

5. On motion in committee to rise, or to rise and report progress, the question shall be decided without debate.

6. Committees appointed to report on any subject referred to them by the Council shall report a statement of facts and also their opinion thereon in writing, and it shall be the duty of the Chairman to sign and present the report.

7. ELECTION OF OFFICERS.

The Registrar called upon the Council to elect the President.

On motion of Dr. King, seconded by Dr. Emmerson, Dr. J. Macarthur be elected President until the first regular meeting. (Carried).

The President, Dr. Macarthur, then took the Chair and after having expressed his appreciation of the honor conferred upon him in continuing him in office for another six months said:

Mr. Chairman and Gentlemen: Having been Chairman of your Executive Committee and President of the Council, I consider it my duty to give the reasons for calling this special meeting of the Medical Council. During the last few weeks I have

received several communications from members of this Council and others, have seen editorials in medical journals and newspapers, and a letter from Queen's University drawing our attention to what was supposed to be a handicap to our licentiates who make applications to the British War Office for appointments in the Imperial Army and Navy Service. The Executive also having been called to Toronto re the granting of a charter to establish a school in Hamilton by the Chiropractics, thought well to ask the members of Council resident in Toronto to go to the Government with us, and we took advantage of their presence to consider whether or not it was advisable to call a special meeting of the Council re Reciprocity with Great Britain. Those present were Drs. King, Johnson, Addison and Hart, in addition to those of the Executive, and having obtained all possible available information from our own military surgeons in close touch with these affairs, we felt that not more than perhaps a dozen or so of our men would be affected at present seeking positions in the R.A.M.C. and Naval Service, and we decided that we were not warranted in calling a special meeting. However, from later knowledge we understood other means of action would be taken to bring about reciprocal relations with Britain, so another meeting of the Executive was called, and after considering all the circumstances it was deemed wise to call a special meeting of the Council. The question then arose as to who were members of the Council after December 1st, 1914, and after consulting our Solicitor, Mr. Osler, he gave as his opinion that the members elected on December 1st, 1914, constituted the Medical Council of Ontario. He also informed us that all our officers and committees appointed by the old Council were *ultra vires* after December 1st, 1914, necessitating the reappointment of the officers and committees, and substituting the names of the new Council in place of those not re-elected, or electing new officers entirely, of course these only to hold office until our next annual meeting. Hereafter this difficulty may be overcome by not having our every four year elections until June. So in accordance with all these facts a special meeting is called for to-day for the following purposes, as worded and drafted by our Solicitor:

(1) To pass upon the credentials of members elected to this Council.

(2) To elect officers to hold office until the next regular meeting of Council.

(3) To appoint an Executive Committee, Discipline Committee, Complaints Committee and such other committees of the Council as may seem expedient.

(4) To consider and act upon the question of registration and admission to practice in Ontario under the provisions of the

Ontario Medical Act of all such persons as are duly registered in the Medical Register of Great Britain or are otherwise authorized to practice medicine, surgery, midwifery in Great Britain upon such terms as the Council may deem expedient.

(5) To consider and authorize such applications to the Legislature of the Province of Ontario as may appear to be necessary or expedient for the purposes above mentioned or in the interests of medical education and practice in Ontario.

On motion of Dr. Stewart, seconded by Dr. Young, Dr. H. S. Griffin, was elected Vice-President of the Council until the first regular meeting.

On motion of Dr. Griffin, seconded by Dr. Hamilton, Dr. J. L. Bray was elected Registrar until the first regular meeting.

There were a number of complaints about Osteopaths, Chiropractors, Christian Scientists, and one in which a man, who a short time ago was an hostler at a hotel, now advertises by card that he cures all kinds of disease, without the use of knife or medicine. These cases were all enquired into, and reported on.

I beg leave to report that the names of Dr. H. A. Turofsky, 185 Spadina Ave., Toronto, Dr. W. M. Adams, 267 Queen St. W., Toronto, and Dr. C. W. Walker, 263 Yonge St., Toronto, were sent on by the Council at their last meeting, to the Discipline Committee, to investigate a charge of infamous and disgraceful conduct in a professional sense, against each of them, and you will have the report of said Committee on each case laid before you.

I have also to report that Dr. C. K. Robinson, of Tamworth, Ontario, was tried before the Criminal Court, at Napanee, on a criminal charge in connection with the death of a woman during an operation, but was acquitted. It will be for the Council to decide whether his name should go to the Discipline Committee for investigation or otherwise.

In conclusion, I beg leave to thank you and also the majority of the Profession for the assistance given me in the discharge of my duties.

Your obedient servant,

JOHN FYFE,
Prosecutor.

On the suggestion of the President the rules of order were suspended for the remainder of the session.

Dr. King moved, seconded by Dr. Stewart, the following motion, of which notice was given at an earlier session:

That it be an instruction to the Registrar to prepare a circular letter, setting out the fact that a Register exists, that an annual fee is payable to the College, that unless change of address is forwarded to the College, disadvantages to the Licentiates may accrue, that to insure his franchise, the correctness of the Register is essential, and any other information that a recent licentiate should know.

The President put the motion, which, on a vote having been taken, was declared carried.

The following motion was put by the President and on a vote having been taken, was declared carried:

Moved by Dr. Spankie, seconded by Dr. Crain, that whereas it has become known to the members of this Council of the College of Physicians and Surgeons of Ontario, that many of our soldiers in Europe are now suffering in special ways from various forms of nervous and mental trouble due to the terrible shock of war, and,

Whereas these various forms of nervous and mental diseases require special treatment and that efforts are being put forth by those in authority to give this special treatment so far as the circumstances and conditions of war permit, nevertheless these circumstances and conditions are such as to render adequate treatment impossible, and in consequence many of our brave young men are not receiving the care and chance for life and health which properly specialized and experienced medical treatment and nursing might give them, therefore be it resolved that this Council respectfully but urgently request the Government of this Province of Ontario to at once equip an expedition of experienced and specially trained physicians and nurses from its public institutions and others specially qualified for such work and despatch them without delay with proper and full equipment to minister to those afflicted and restore them to convalescence and health, or where this is impossible or likely to be unduly prolonged, to request the War Office to send them home to Canada when suitable accommodation, such as that soon available at Whitby, be prepared for their reception, and that this special treatment and nursing be there continued so long as may be required under the favorable conditions that such location, surroundings and accommodations afford. And, that a copy of this resolution be sent to Hon. W. H. Hearst, Premier of Ontario.

Dr. Ryan moved, seconded by Dr. Spankie, that a vote of thanks be extended to the President, Dr. Griffin, by the Council, for the able and courteous manner in which he has conducted the proceedings of the meeting of the Council.

The Registrar put the motion, which, on a vote having been taken, was declared carried unanimously.

The Registrar read the minutes of the present session, which were confirmed and signed by the President.

There being no further business to come before the Council it was moved by Dr. Johnson, seconded by Dr. Ryan, that the Council do now adjourn.

The President put the motion, which, on a vote having been taken, was declared carried, and the Council adjourned at 11.30 o'clock a.m.

(Sgd.) H. S. GRIFFIN,
President.
